

VISIT CHESHIRE HOME SCHOOL RESOURCE PACK...

JUNIORS

Although Cheshire's beautiful parks, gardens and visitor attractions are now closed, there are some great resources that they have on offer for learning opportunities. With lots of children learning from home, we have tailored some activities aimed at junior education with helpful links from our partners across Cheshire.

JODRELL BANK...

Jodrell Bank is one of the world's largest radio telescopes, located near Macclesfield, Cheshire. The observatory was established in 1945 and is now a UNESCO world heritage site, which means it has an extremely special, physical significance. Look at some of the links below to take part in some science learning at home:

Why not try your own experiment to see why there are craters on the moon and why they are different sizes? #WatchTheSkies [VIEW ACTIVITY](#)

CHESTER RACECOURSE

This is the oldest racecourse still in use in the UK. In 1539 the Mayor of Chester, Henry Gee, officially gave permission for the races to be hosted in the city, which is why people still to this day, talk about "going to the gee gees".

Friend of Chester Racecourse Darren Birdie has illustrated the official Chester Racecourse mascot Roodee, especially for little ones to print off and colour in at home. Take a photo of the finished results and share yours with us on social media using #RoodeeAtHome and tagging @ChesterRaces.
